# **SANTA BARBARA** *Flyfishers*

---

Volume 1, Number 1 February, 1995

Hi, I along with many other people in the Santa Barbara Area, am one of the founding members of the Santa Barbara Flyfishers. This non-profit club will be devoted to promoting the art of fresh and saltwater fly fishing. We will strongly support and be active in the conservation of our natural resources and wildlife, especially where it concerns fish and their habitat.

The club will have a general meeting monthly featuring noted speakers. We will have youth programs oriented towards conservation and fly fishing. Beginning and expert classes in fly tying, fly casting and rod building will be part of our annual programs.

Club outings to the East Walker River, Mammoth area, Hot Creek, the San Juan River, the Green River and the Madison River are in the plans to offer club members.

We will publish a monthly newsletter – this is our first issue I invite all interested persons to attend our meetings and enjoy good comraderie with fellow flyfishers and encourage you to join the club. *We will have fun!*

**Mike Clevenger, President**
